

COMMUNITY INFORMATION

Become a CERT Member!

The City of Newark Fire Department continues to offer a community emergency response training program for community volunteers. The purpose of this training is to provide basic skills in first aid, firefighting, search and rescue, disaster medicine, and emergency preparedness for volunteers.

The main goal of the Community Emergency Response Team (CERT) program is to help the citizens of Newark become self-sufficient for the first 72 hours following a major disaster by developing multi-functional community emergency response teams.

The CERT training consists of six 3-hour classes, the last of which will be a hands-on disaster exercise. Qualified instructors will teach classes once a week and, upon completion of all six classes, each student will receive a Certificate of Completion, CERT ID, helmet and vest.

All CERT classes are FREE and all residents are encouraged to attend the training – no special skills are required.

For more information, call the CERT Hotline at (510) 793-1400 x530 or e-mail your questions to cert@newark.org. You may also visit our website at www.newark.org/disasterplanning.html
