F. 1 Planning Commission Workshop- A workshop will be held to discuss a draft of the Zoning District Standards and Specific Uses of the proposed new Zoning Code— from Deputy Community Development Director Iteriano.  

Background/Discussion – As part of the City’s overhaul of the existing Zoning Code which has been in place since 1965, staff will provide a presentation of the second half of the proposed Zoning Code. Specifically, we are requesting review and comments on the Zoning District Standards and Special Uses sections. The overhaul of Title 17 Zoning Districts began in 2016 in order to address the lack of clarity, remove archaic wording, incorporate new planning terms and best practices and address specific issues that apply uniquely to the City of Newark.

Staff and a consultant from RRM Design will provide a presentation and analysis of the various sections. After review of these sections, it is expected that the entire Zoning Code will be presented to the Planning Commission for adoption within the next two months.

Action – This is an informational item.
