E.1 Hearing to consider U2017-004, a conditional use permit, for a haunted house attraction to be held from September 28 through November 1, 2017 inside an existing building located at 5530 Newpark Plaza (APN: 901-0111-005) - from Associate Planner Mangalam

(ADJOURNED FROM AUGUST 8, 2017) (RESOLUTION)

Background
On August 8, 2017, a Public Hearing was scheduled with Planning Commission to consider a conditional use permit to operate a seasonal actor driven walkthrough haunted attraction inside an existing building located at 5530 Newpark Plaza. The meeting was adjourned to a regular Planning Commission meeting on August 22, 2017.

The existing building is located in Newpark Plaza, on the perimeter of Newpark Mall. The site is bounded by Newpark Mall on the north, Balentine Drive on the east, South Magazine Drive on the west and Cedar Boulevard on the south. The site is zoned Regional Commercial District (CR).

ScareCo Inc has been organizing haunted attractions in the San Francisco Bay Area since 2014 and has held one event in Oakland called “Platform 13” and two events in Alameda called “Haunted Hornet” since then. ScareCo proposes to organize a similar seasonal event in Newark.

The proposal is to create an actor driven walkthrough attraction by installing a freestanding wall panel system utilizing pre-built panels. Lighting, sound and set dressing will be used for the design and effect and there will be live actors throughout the walkthrough. The attraction will hire approximately 25-30 personnel as scare-actors and some of them from the local Newark Community.

The attraction will run from September 28, 2017 through November 1, 2017 with a soft opening on September 28, 2017. The attraction will be held only on weekends, operating from 7 p.m. to 12 a.m. on Fridays and Saturdays and 7 p.m. to 10 p.m. on Sundays nights. Approximately 350 people are expected to attend daily and at any point of time, there will be no more than 125 people allowed inside the building. There are existing restrooms inside the building and a total of 165 parking spaces will be available for the event. The event is ADA accessible. No alcohol or food will be served at the event. There will be a licensed security officer at the event to the satisfaction of the Police Department.
**Findings under Use Permits**

The Findings given in the draft resolution of approval contains language that comes from the Newark City Code, Section 17.72.070 (Conditional Use Permit) and is supported by application materials on file.

Further elaboration for each finding is as follows:

- **a. That the proposed location of the conditional use is in accord with the purposes of the zoning title and the purposes of the district in which the site is located.**

  The zoning for the site is CR – (Regional Commercial). Section 17.20.020 of Newark Municipal Code states the purpose of the district, which is, the regional commercial district reserves appropriately located areas for commercial uses which serve a regional market. These prime commercial areas are intended for uses which support the economic diversity and future financial well-being of the city through generation of substantial amounts of revenue. Thus, this use is compatible with the intent of the district.

- **b. That the proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety or welfare, or materially injurious to properties or improvements in the vicinity.**

  The event will be held inside an existing building which is part of a commercial shopping center. Both Fire and Police have reviewed this proposal and numerous conditions of approval are incorporated into the permit. There is no reason to anticipate any detrimental or injurious effects of the project.

- **c. That the proposed conditional use will comply with each of the applicable provisions of Chapter 17.72 Use Permits.**

  Numerous conditions of approval are incorporated into the permit in order to ensure that the operation of the event will be in compliance with city code requirements.

**California Environmental Quality Act (CEQA) exemption**

This project is categorically exempt from the California Environmental Quality Act (CEQA) per Section 15301 Existing Facilities, leasing of existing private structures involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

Staff believes this will be a great attraction and recommends approval of the seasonal event, subject to the conditions of approval listed in the attached resolution.
**Action**  It is recommended that the Planning Commission, by resolution, with Exhibit A, pages 1 through 4, approve a conditional use permit, U2017-004 to operate a seasonal actor driven walk through haunted attraction in an existing building at 5530 Newpark Plaza (APN: 901-0111-005).
