

# NO VISITORS BEYOND THIS POINT

Except for the following situations:

## HOSPITAL

- End-of-life care: 1 visitor at a time, unless by special arrangement.
- Labor & Delivery, Postpartum, Pediatrics, including PICU/NICU: 1 visitor, age 15 or older, with no symptoms of illness.
- Exceptions may apply in Labor & Delivery and Pediatrics, under the clinician's guidance.
- Drivers for arriving surgery patients: May enter to provide contact information, then must leave until patient is ready for discharge.
- Patients with cognitive disabilities/who need assistance: 1 adult caretaker 18 years or older.
- Language assistance: 1 person, only if interpreter services cannot suffice.

## EMERGENCY DEPARTMENT

- During end-of-life care, by special arrangement.
- Patients with cognitive disabilities/who need assistance: 1 adult caretaker 18 years or older.
- Language assistance: 1 person, only if interpreter services cannot suffice.

## OUTPATIENT SERVICES

*Only 1 essential caregiver accompanying the patient.*

- Clinical exceptions may apply in Pediatrics.
- No accompanying person with cold/cough symptoms may enter. Exception may apply to single adult accompanying pediatric patients.

Protect  
yourself, our  
patients, and  
each other

All visitors: Please follow respiratory hygiene and cough etiquette precautions.
