F. CITY MANAGER REPORT

(It is recommended that Items F.1 through F.2 be acted on simultaneously unless separate discussion and/or action is requested by a Council Member or a member of the audience.)

F.1 Authorization for the purchase of a new 2017 John Deere 1550 Terrain Cut Commercial Front Mower from Turf and Industrial Equipment Company from Maintenance Supervisor Connolly. (RESOLUTION)

Background/Discussion- The 2016-2018 Biennial Budget for Fiscal Year 2016-2017 includes funding for the replacement of the City of Newark’s existing Commercial Front Mower through the City’s Equipment Replacement Program. Approximately 74.25 acres of lawn are maintained on a monthly basis. This mower provides for the necessary access around structures and maneuverability on small hills.

Bids for a replacement mower were opened on February 21, 2017. The specification for the bid was based on a 2017 John Deere 1550 Terrain Cut Commercial Front Mower with provisions for a substitution of the specified mower upon approval of the City’s Project Manager. The scope of the requested bid included the mower, all specified attachments and options, license fee, shipping, California tire fee, and tax.

One bid proposal was received for the replacement mower from Turf and Industrial Equipment Company for $23,346.20 as specified. The mower will be equipped with flashers and City logos by staff for an additional cost of $800.00. The total budget for replacement of this item is $30,000.

F.2 Initiation of the 2017 Weed Abatement Program and setting April 27, 2017 for a public hearing - from Deputy Fire Marshal Lee/Maintenance Supervisor Hornbeck. (RESOLUTION)

Background/Discussion – The annual weed abatement program abates weeds on vacant commercial and industrial properties not maintained by the property owners as directed by the Fire Prevention Staff. The abatement work consists of tractor mowing, supplemented with manual labor to clear weeds abutting fences and remove debris to facilitate the tractor work. There are 140 industrial, residential and commercial parcels that have large areas of
vacant ground that host seasonal weeds that could become a fire hazard. These parcels are located throughout the City.

Property owners have the option to make their own arrangements for weed and debris removal. They must get the work completed prior to the schedule set for the City’s contractor. The City’s contractor is scheduled to perform weed abatement work in May and June. Property owners will be asked to return a pre-paid postcard to the City indicating that they will abate their own weeds. Alameda County Fire Department staff will inspect the properties prior to the abatement of the weeds. This provides sufficient opportunity for the property owners to perform their own work. All properties that the City performs the abatement work on will be assessed the full cost of that work, including administration costs.

If necessary, an additional fall program will be scheduled to abate seasonal weeds, like tumbleweeds and re-growth of weeds that occur during the summer months. Prior to any supplemental fall weed abatement work, the City will provide written notices to the affected property owners. A second public hearing for the fall program is not required.

**Attachment**

**Action** - It is recommended that the City Council, by resolution, find and declare that weeds growing on specified properties are seasonal and recurrent nuisances; and rubbish, refuse, and dirt upon parkways, sidewalks, or private property in the City of Newark are public nuisances and must be abated, and setting April 27, 2017 for a public hearing.

**NONCONSENT**

**F.3 Discussion of options regarding Accessory Dwelling Units regulations - from Assistant City Manager Grindall.** *(INFORMATION)*

**Background/Discussion** – As a result of recent State legislation, an Urgency Ordinance was approved at the January 12, 2017 City Council meeting that modified regulations governing Accessory Dwelling Units (ADU). There were policy issues raised at that meeting but the discussion was deferred to allow more time for consideration. The key remaining issues were: 1). the potential requirement that the property owner reside in either the main property or the ADU; and 2). the potential limitation of the ADU to no more than one bedroom.

Historically the City of Newark has had very strict regulations on Second Units (now redefined as ADUs.) While such units were technically possible, they were limited to only 275 square feet and required the addition of an off-street parking space to the property. Given these constraints there has not been a second unit constructed in Newark for more than a decade.
The recent State legislation corresponds to a change in attitudes towards ADUs. They are now seen, by many, as an important potential source of affordable housing and a resource for homeowners to increase their income.

The new State laws mandate relaxed requirements and a streamlined process for implementing these units and will likely result in a significant number of units being constructed. The legislation does leave cities with some ability to regulate and control these ADUs.

It is staff's recommendation that given the unknown impact of the relaxation of the restrictions on Accessory Units, it is prudent to utilize the flexibility that State law allows to maintain some reasonable restrictions.

Remaining Issues

1) Requiring Owner Residence on the Property.

Home ownership is a stabilizing influence on residential neighborhoods. Owner occupied properties are generally better monitored and maintained. The allowance of the construction of Accessory Dwelling Units on properties in residential neighborhoods, in itself poses some risk to neighborhood stability, the potential of both the primary building and the ADU being occupied as rentals could impact the character of neighborhoods. On the other hand, allowing both units to be rented would increase the stock of rental housing in Newark and would enhance the financial feasibility of ADU construction. Given the potential impact on neighborhoods, Staff has recommended that the property owner be required to live in one of the units. This is an issue that could be revisited in the future when the level of demand for ADU construction and their impacts on neighborhoods is known.

The Council has three options to consider:

A) Prohibit rental occupancy of both units. Rental occupancy of either the main home or the ADU would be allowed.
B) Allow both units to be occupied by renters.
C) Prohibit rental occupancy of both units in the case of Junior ADUs but allow rental occupancy of both units in the case of Standard ADUs.

2) Limitation of an ADU to a maximum of One Bedroom.

In order to manage the potential impacts of ADUs on established residential areas, staff recommended that ADUs be limited to a single bedroom. It is believed that additional bedrooms would lead to higher occupancy which would further exacerbate the parking impact of the ADU. On the other hand, allowing a larger number of bedrooms would allow for a higher valuation and more flexibility for occupants. Given the potential impacts to neighborhoods, Staff recommends that the ADUs be limited to a maximum of one bedroom.
The Council has three options to consider:

A) Limit the ADU to no more than a single bedroom.
B) Allow the ADU to have a maximum of 2 bedrooms.
C) Allow ADUs to have a maximum of two bedrooms only if one off street parking per bedroom is provided.

Attachment

Recommendation- It is recommended that the City Council discuss these issues and provide feedback to staff to draft an ordinance for future consideration.

H. ECONOMIC DEVELOPMENT CORPORATION

I. CITY COUNCIL MATTERS

I.1 Reappointing Senior Citizen Standing Advisory Committee members; declaring a vacancy on the Committee and authorizing the City Clerk to post a notice of vacancy – from Mayor Nagy. (RESOLUTION)(MOTION)

Background/Discussion – Members of the Newark Senior Citizen Standing Advisory Committee (Committee) have terms that expire on April 14, 2017. Kathleen Lemos and Glen Wickizer have each requested a two year reappointment. Tamara Tucker resigned in February and Gloria Wilson is not seeking another term.

The Committee has a membership of not less than 8 or more than 12 members plus a representative of the City Council. The Committee will be reduced to 7 upon the expiration of Ms. Wilson’s term. The City Clerk is seeking authorization to post a notice of the upcoming vacancy.
